

Weather Camp 2004

Hosted by Howard University
NOAA Center for Atmospheric Sciences

WHAT: Weather Camp
WHEN: July 5, 2004 – July 18, 2004
WHERE: Howard University
REQUIREMENTS: Must have an interest in a weather related field (meteorology, physics, math, environmental sciences).
WHO should apply: Sophomore and junior high school students (Must be a U.S. CITIZEN or RESIDENT to apply)
DEADLINE: Complete applications must be in on April 12, 2004 by 5:00pm
CONTACT: Tanya Jackson or Makeda James
By email: weather_camp@hotmail.com
Phone: 202-806-5450
Fax: 202-667-7865

Participants will receive a stipend for their participation
NCAS is funded by the National Oceanic and Atmospheric Administration (NOAA)
Educational Partnership Program with Minority Serving Institutions.
Mitretek Systems is a sponsor of Weather Camp 2004.

NOAA Funds Weather Camp for Minority High Schoolers

Fourteen minority high school students from eight high schools in Maryland, Virginia, and Washington, DC attended a NOAA-funded camp for students who want to increase their knowledge of meteorology, weather, science and technology this summer. Weather Camp 2004, co-sponsored by Mitretek Corporation and coordinated by Howard University provide top-performing students a glimpse of meteorological and ocean sciences work and to encourage them to consider these career fields. Campers learned about work of the National Weather Service, as well as overviews of work with geostationary and polar orbiting satellites, Doppler radar technology, ocean exploration work with remotely operated vehicles and autonomous underwater vehicles and talks providing information on exciting careers in science and engineering.

Fourteen high school students from Maryland, Virginia, and D.C. attended Weather Camp 2004, funded by NOAA.
